#### 100th Centre!!

We recently gained approval for the 100th centre to be registered with BADBIR. Thanks to all at **Ipswich Hospitals NHS Trust**.

From these 100 centres we have 76 who are actively recruiting patients onto BADBIR.

#### 2000th Patient!

Many thanks to **Georgina Maginn** from Craigavon Hospital who recruited BADBIR's **2000th** patient. Over 1000 patients have been recruited in 2010 alone.

If all centre's achieved a goal of 5 patients per month we could recruit three times this year in 2011.

#### New Recruiters

Many thanks to the following centres who recruited their first patient in October/November.

**City Hospital Birmingham, Warwick Hospital, Ninewell Hospital Dundee, Milton Keynes Hospital NHS Foundation Trust.**

#### BADBIR Staff News

After 18 months working at BADBIR, 12 of them as Drug Safety Assistant, Chris Moseley is to leave us for a new job in student support based within the University of Manchester. Throughout his time with us, Chris has been a fabulous member of the team and has worked tremendously hard. We will all miss him, but we wish him well in his new role

*Merry  
Christmas and  
a Happy New  
Year from  
everyone at  
BADBIR*
