BADBIR
April 2011

Welcome to the April 2011 edition of the BADBIR newsletter.

New Website

The launch of the new database is almost here! We are going through some final touches for the database and will be launching it very soon.

We are happy to announce the BADBIR website www.badbir.org has been redesigned. All study documents, presentations and general information can be found on here.

Please take a time to have a look around the new design and we would be grateful if you could let us know what you think at badbir@manchester.ac.uk.

Usernames and Passwords

You will have all received an email from the BADBIR office asking you to re-register onto the BADBIR database. The log-in details which were used to access the original database will no longer be active. The database is not yet live, so you will be unable to log in, but re-registration is required first.

Users can re-register onto the new database via the link below:

<https://www.database.badbir.org/live/Register.aspx>

Once you click on the link you will be asked to enter your details including your name, password and email address.

We will only be accepting NHS email address's so please use these to register. Any email address's such as hotmail or AOL will not be accepted. This is to ensure the security of the system.

We would appreciate it if you could inform any members of your team who are associated with BADBIR and have not re-registered to do so as soon as possible.

Centre of the Month

Congratulations to the following centres who were the highest recruiter in March 2011.

March 2011

Salford Royal Infirmary
Leigh General Infirmary
Cardiff and Vale NHS Trust

Helen Parris, Pat Johnson and Joanne Baczynski accepted the "Recruiter of The Month" mug on behalf of Leigh Infirmary. Elaine Unsworth also helped the centre achieve recruiter of the month.
