## BRITISH ASSOCIATION OF DERMATOLOGISTS BIOLOGIC INTERVENTIONS REGISTER

### BADBIR August 2011

### Welcome to the August 2011 edition of the BADBIR newsletter.

#### Note on Follow-Up Summaries

We will no longer be emailing clinicians at the start of each month with a list of follow up forms which are due. This information is now available on the database. You can find this by logging in and clicking on 'Follow ups that are currently due'. This can be done at any time, and it is also possible to print the page.

If you have any comments or feedback, please feel free to email us at [badbir@manchester.ac.uk](mailto:badbir@manchester.ac.uk)

#### Adverse Events

Please continue to print off the ESI forms and send them through to us. A full list of these can be found at [www.badbir.org/adverseevents.aspx](http://www.badbir.org/adverseevents.aspx)

A presentation on adverse events is now available on our website. This can be found at [www.badbir.org/adverseevents.aspx](http://www.badbir.org/adverseevents.aspx) and can be viewed in either PowerPoint or as a PDF.

We have included a database supplement to our newsletter this month. Next month we will include a supplement on adverse events.
