

BADBIR Newsletter December 2012

Congratulations to all at Salford Royal Hospital who were the highest overall recruiters during November 2012. Thanks also to the teams at **Raigmore Hospital Inverness and Scunthorpe** General Hospital who jointly registered the most patients in the biologic cohort.

Christmas Wishes from BADBIR

All the team at BADBIR would like to wish you a

Merry Christmas & a Happy New Year

Thanks to all centres for their contribution to the Register throughout 2012

Comorbidity / Adverse Events Suggestion Box

A yellow box has recently been added to the comorbidity page of each baseline record and the adverse events page of each follow-up record. This box refers to the patient's concomitant therapy list and suggests related conditions that may constitute an adverse event or existing comorbidity. For example:

The following drugs found in the patient's record are known the be related to a comorbidity. Please ensure that you are not missing an entry:

· Zestoretic is often prescribed for hypertension and heart failure

The items listed in the box are suggestions only as we are aware that these may already have been entered correctly or that the concomitant medication has been prescribed either for another indication or prophylactically.

The box has been added to act as a reminder to ensure that all comorbidities and adverse events are recorded as the data entry is carried out. Please send any feedback on this new addition to badbir@manchester.ac.uk

Medically Important Events

Please be aware that the classification of **Medically Important Event** usually refers to an event which falls into an Event of Special Interest (ESI) category. There is a list of ESIs below. Examples of things which are not classed as medically important are elevated LFTs, pruritis, and weight loss. These would be classed as non serious adverse events.

- Aplastic Anaemia
- Cancer (not including skin)
- Central Demylination
- Congestive Heart Failure
- Hepatic Dysfunction
- Lymphoproliferative Disease
 Tuberculosis
- Pregnancy Outcome
- Psoriasis Flare
- Serious Infection (excl.TB)
- Skin Cancer (inc. Bowen's Disease
- Surgery

BADBIR Office Christmas Closure

Please note that the BADBIR office will not be open on Monday 24th December and will remain closed until Tuesday 2nd January. If you have any queries during this time please send them to badbir@manchester.ac.uk and we will respond as soon as possible on our return.
