

BADBIR Newsletter February 2012

Congratulations to the team at **Worcestershire Royal Hospital** who were the highest recruiters to the biologic cohort of BADBIR in the month of January 2012. Thanks also to **Salford Royal Hospital** who registered the most patients in the conventional cohort and were the **highest overall recruiters** to the Register in the month.

Payments For Data Entered

In the coming weeks we will be administrating the payments for all data entered in the period:
01/07/2011 - 31/01/2012

Each centre will be sent a report to summarise their activity. If there are any items of data which are outstanding and causing block on payment please can you ensure this information is sent to the BADBIR office as soon as possible

Data Entry Update

You may have noticed several small changes to the BADBIR database pages recently. These have all been made to simplify the process or to provide additional detail.

One area where this is important is on the initial questions at the top of most of the pages at follow-up (eg. Are there any new adverse events? ...change to therapy? etc.). When you answer **Yes** or **No** and click **Update** this will be displayed on the screen. The BADBIR office will be checking each record so it is key that each of these questions are answered. It will allow us to verify that there have been no changes in this follow-up period and rule out the possibility that this page had simply been missed during the data entry.

Please see the examples below:

Biologic therapy changes

Have there been any changes to the patient's biologic therapy details in this follow-up period?

No *If there have been no changes / new data please select **No**, click **Update** and move to the next page*

Yes (use 'Add New' to enter details after clicking 'Update')

New adverse events

Did the patient suffer any adverse events or new illnesses in this follow-up period?

No *If there have been changes / new data please select **Yes**, click **Update** and then use **Edit** to enter stop dates or **Add New** to record additions*

Yes (use 'Add New' to enter details after clicking 'Update')

New Recruiters

Many thanks to the teams at **Shrewsbury and Telford Hospitals NHS Trust**, **The Northern Lincolnshire and Goole Hospitals Trust** and **Mid Essex Hospital Services NHS Trust** who all recently registered their first patients

Based on total patients registered to BADBIR in the year so far

Previous Therapy at Baseline

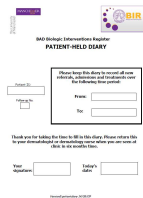

When entering a previous anti-psoriatic therapy on the database we will now require a full date to be entered. If dates are vague in the notes, please enter **Yes** to the 'date estimated' question and follow this advice:

IF THE MONTH & YEAR ARE KNOWN - Please enter this as the 15th of the month eg. **15/mm/yyyy**

IF ONLY THE YEAR IS KNOWN - Please enter as the 1st July as this is exactly halfway through the year eg. **01/07/yyyy**

Do you need any more
Diaries
Return Envelopes or
Patient Note Stickers?

Please let us know via email or phone
and some will be posted out to you

This patient is on the BAD
Biologic Interventions Register:

Baseline:..... 6 Months:..... 12 Months:.....
18 Months:..... Year 2:..... Year 2.5:.....
