

BADBIR Newsletter October 2012

Congratulations to the team at Salford Royal Hospital who were the highest overall recruiter and the highest conventional cohort recruiter during September 2012. Thanks also to the Leeds General Hospital who registered the most patients in the biologic cohort.

200th Recruit at University Hospitals Nottingham

Many thanks to all at **Queen's Medical Centre Nottingham** who have passed the landmark figure of **200 registered patients**. Nottingham are the 4th centre to reach this total joining the Salford Royal Hospital, St. John's Institute of Dermatology and the Western Infirmary Glasgow.

Conventional Cohort Eligibility Guide

An interactive guide to the eligibility of conventional cohort patients is now available on the BADBIR website. This can be used to determine whether a patient **meets all the eligibility criteria** to join the Register:

This can be accessed at www.badbir.org/eligibility.aspx
The guide applies to all the scenarios for a new patient in

The guide applies to **all the scenarios** for a new patient in this cohort (i.e. whether they are a brand new starter to a drug, a recent switcher from another anti-psoriatic systemic or have had a 2nd drug introduced concurrently). In addition to this interactive guidance **the BADBIR office** is always happy to advise if you would like to talk through an individual case (badbir@manchester.ac.uk / 0161 306 1896)

New Recruiters

This month we welcome **1** new centre to BADBIR who have recently recruited their first participant on to the Register:

• Northampton General Hospital NHS Trust

CAGE & HAQ Questionnaires

Please note that the initial question on the CAGE questionnaire is always required to be answered:

If this questionnaire is not applicable for the patient at baseline or any follow-up, please click 'No' and save the page. This will demonstrate to the BADBIR office that no other questions will be answered as part of this questionnaire.

The same principle also applies to the HAQ questionnaire at each baseline and follow-up:
