

# BADBIR Newsletter September 2012

Congratulations to the team at Belfast City
Hospital who were the highest overall recruiter
and the highest conventional cohort recruiter
during August 2012. Thanks also to the Frimley
Park Hospital who registered the most patients in
the biologic cohort.

# **Viewing Feedback Entered on All Patient Records**

Any feedback that has ever been entered on a patient's record can now be viewed on their individual summary pages. When accessed, this will expand to show all previous feedback entries. For example:

	Description	FUP	Entered by	Entered on
<u>Open</u>	No HDL measure was available as part of this set of lab values $\left(0\right)$	1	Ian Evans	18/09/2012

The exact text of the feedback entry will be displayed followed by the follow-up number that this was left for. Please note that '0' means the feedback was left on the baseline record. The username of the person who originally made the feedback entry and the date will also be shown

Please view the demonstration video on the Database FAQ section of the BADBIR website for an interactive guide to how this can be accessed: www.badbir.org/databasefaq.aspx

### **Data Query System**

The new system for answering data queries is now fully up and running on the database. If any patients have a symbol next to them on the View All Patients list then there is an outstanding data query to be answered.

Please refer to the query description and click 'Open' to make a response. Please note that if the information in the query has not been collected a response will be needed to confirm this. The queries will disappear from the list once the response has been reviewed by a member of the BADBIR team.

#### **Reminder on Seasonal Vaccinations**

Please note that any vaccinations received by patients on BADBIR can be added to the **concomitant therapy** section of the database. This includes **Seasonal Flu Vaccine** and **Pneumovax** both of which are available on the BADBIR drug therapy list.

As these vaccinations will not be ongoing treatments we would recommend that the drug start and stop dates are both entered as with the same date eg. 26/09/2012-26/09/2012

#### **New Recruiters**

This month we welcome **1** new centre to BADBIR who have recently recruited their first participant on to the Register:

• East and North Hertfordshire Hospitals NHS Trust

## **Events of Special Interest (ESI Forms)**

If an adverse event that you are entering meets any of the descriptions in the box belog then this is also an event of special interest. The previous method of supplying this additional information was to fill out a paper form to be posted or faxed to the BADBIR office.

This has now changed and all ESI Forms can be entered directly on to the BADBIR database.

A demonstration video for this will also be avail-

able on the Database FAQ section of the BADBIR website: www.badbir.org/databasefaq.aspx

Aplastic Anaemia

• Cancer (not including skin)

Central Demylination

•Congestive Heart Failure

Hepatic Dysfunction

Lymphoproliferative Disease

Myocardial Infarction

Pregnancy Outcome

Psoriasis Flare

Serious Infection (excl.TB)

•Skin Cancer (inc. Bowen's

Disease

Surgery

Tuberculosis
