

# BADBIR Newsletter March 2013

Congratulations to the team at **St. John's Institute** of Dermatology at Guy's & Thomas' Trust who were the highest overall recruiter during February 2013. Thanks also to the dermatology department at **Glasgow Western Infirmary** who were the highest recruiters during January 2013.

## **BADBIR Data Checking**

The BADBIR team check all data entry for completeness. This occurs on every new baseline and follow-up. A brief overview of the process is below:

As soon as a baseline or follow-up record comes out of the 21-day edit window, an administrator will check through all items of data to ensure everything has been entered

Where any item of data is absent from the record, the BADBIR office will check the **Feedback** section to see if it has already been accounted for here - eg. "Patient did not compete the alcohol units

A **data query** is raised where there is missing data that has not been clarified in **Feedback** section. This query will show against the patient's record with this symbol

Once the data query has been responded to we will consider the record compete and not enquire about any further data.

BADBIR Project Assistant Bob Williamson has prepared a guide to the most frequent queries and how to avoid them:

The obvious way to avoid queries would be not to register patients, but we don't want you to do that. So, here are the items to treat with care:

**Chronic Plaque Psoriasis** - Please remember to specify whether the plaque diameters are small, large or a combination.

Year of Psoriasis Diagnosis / Seen by Dermatologist - if either date is not known, please advise BADBIR via the feedback section.

**Previous Therapy** - A start and stop date for all previous systemic treatments is required. These can be estimated where full dates are not available. If only the year of start/stop is know, we recommend entering the date as 01/07/yyyy. If just the month and year are known, we suggest 15/mm/yyyy

**Infliximab / Ustekinumab Administration Dates** - Please remember to enter dates of all administrations of these treatments on every baseline and follow -up. The frequency should be shown as N/A.

**Biologic / Conventional Therapy**—To avoid queries on these sections, please only begin to register a patient on the database once it is confirmed that the patient has commenced the biologic or conventional drug.

Remember! Feedback is your friend. Any piece of information, that is relevant to the patient record, can be entered in this section. If you require any further information, then please phone or email the BADBIR office and a 'friendly' member of staff (depending on their mood) will help to resolve the matter

## 6000th Recruit to BADBIR

During the opening months of 2013 BADBIR has passed the milestone of **6000** recruits to the Register. Congratulations to Ann Thorrat at **Glasgow Western Infirmary** who registered patient number 6000 on the database.

Thanks to all centres that have recruited patients to contribute to achieving this landmark total

### New 100 Club Member

**St. James's Hospital Dublin** have become the latest centre to be recognised on the newsletter for recruiting its **100**<sup>th</sup> BADBIR patient. It is the **16**<sup>th</sup> member of the club and the first from the Republic of Ireland.

Nottingham University Hospitals NHS Trust

#### **New Recruiter**

This month we welcome Rotherham General Hospital who recently registered its first patient with BADBIR.
