

BADBIR Newsletter August 2013

Congratulations to the team at **Liverpool Broadgreen Hospital** who were the highest overall recruiters to BADBIR during **August 2013**. Thanks also to those at **Queen's Hospital in Burton-on-Trent** who registered the most patients in the biologic cohort .

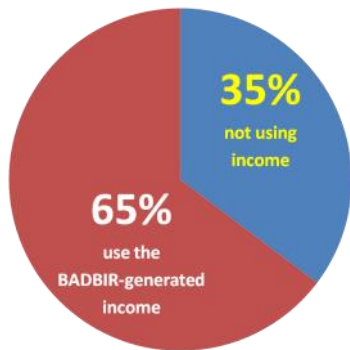

Rose Damant, Jacky Orpe, and Jane Reynolds

Results from the BADBIR Finance Survey

Over the summer you may remember we surveyed centres on uses of the BADBIR income. **85** of **130** centres responded. Thanks to all centres who completed the survey.

Item 1: Is the BADBIR income being used?

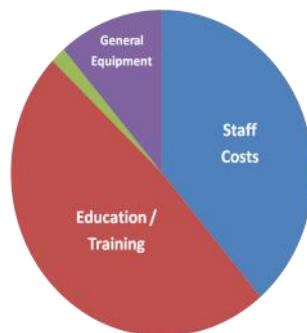

65% (55 out of 85) of centres are using the income generated by BADBIR

35% (30 out of 85) are not using the income

Item 2: What is the income being used on?

- 48%** of responses were examples of education or funding attendance at training courses / conferences
- 39%** of responses were examples of funding for staff costs (ie. part funding nursing hours or full funding for new administrative posts)
- 11%** of responses were examples of purchases of equipment for dermatology department (eg. iontophoresis machine, new chairs for waiting room)
- 2%** of responses were examples of purchases of computing equipment for direct use on BADBIR data input and collection

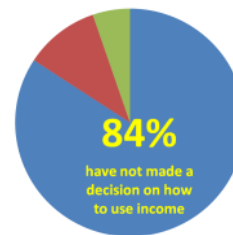

Key Points

- 65%** of centres are using the income → A further **22%** plan to use the income in the future
- Education/Training** and **staff hours** are the most common uses of income
- R&D department** are involved with the allocation of income in **53%** of centres. The majority report no deductions being made from R&D.
- 13%** of centres confirmed **R&D** retains a portion of the income . Typical example was **20% retention**

Item 3: Centres not using the income

Out of **30** centres not using the income:
19 centres are able to access the money
11 were not able to access the money

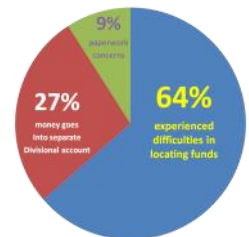

Centres **with** access to the money provided reasons why the money has not been used

- 84%** of responders have claimed the money but have not yet made a decision on how to use it
- 11%** of responders have explicitly stated they have no cause to use the money
- 5%** of responders are not using the income while it accrues to eventually spend on a specific item of equipment (dermatoscope)

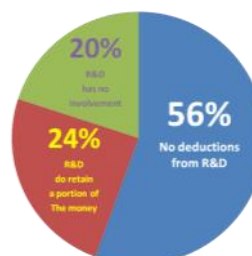

Centres **without** access to the money provided reasons why they were unable to obtain the money

- 64%** of responders experienced difficulties in locating the funds or accessing them from the finance department
- 27%** of responders stated the money goes into a larger divisional or R&D account. It is not directly accessible to BADBIR researchers
- 9%** of responders were put off by the paperwork and the process of applying for access to the money

Item 4: Involvement of R&D Departments in allocating income

45 centres had involvement from the R&D in the allocation of BADBIR funds. These centres were asked if the R&D department retain a proportion of the income.

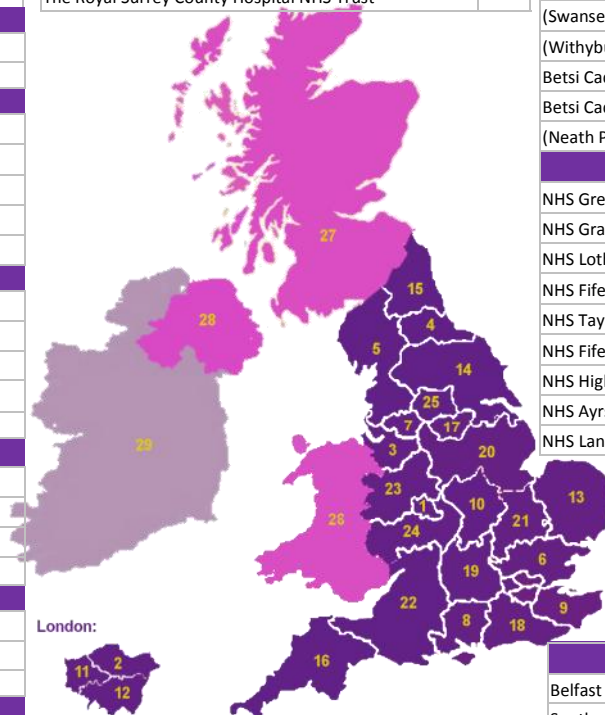

- 56%** reported no deductions from R&D
- 24%** reported that R&D did retain a portion (typical example was 20%)
- 20%** were unsure if any money was retained by R&D
