The drugs & AE summary can be found in each patients summary page.

It is a useful tool to print and use to complete the patients follow-ups. It contains information on patients current therapy and any adverse events suffered so it is a reminder to ask the patient if they are still taking these medications and to update any adverse event information the patient was suffering from at their last follow-up.

TOP RECRUITER

Thank you to the team at Salford Royal Hospital NHS Foundation Trust who were the top recruiting centre for July and August.

BADBIR 100 Club

(I to r) Tonia Clarke, Giles Dunnill and Tracey Wheeler

University Hospitals Bristol NHS Foundation
Trust are among the recent recruits to the BADBIR
100 club.

Overdue follow-ups

As it is not always possible to see all BADBIR patients in clinic we ask that as much information as possible is to be obtained from the patients hospital notes and entered onto the BADBIR database. All data outlined in the clinical questionnaire should be possible to retrieve from the patient notes, however where this is not possible please indicate in the feedback section to avoid unnecessary data queries. Follow-up training is available from BADBIR please contact us on badbir@manchester.ac.uk to arrange.

Patient posters can be displayed in clinic waiting rooms. Please contact the BADBIR office if you would like us to send you a copy. Alternatively it can be printed from our website.
